

## Directions for the skills problem.

There are 2 parts to the skills problem. First paper judge gives to team says no breathing give mouth to mask for 1 minute. When the team member states I have a pulse and breathing the judge gives them the second paper saying no pulse no breathing so they have to perform 2 cycles of 2 man CPR.

## Directions for first aid problem.

There is triage for this problem. We need the manikins for the deceased and a bystander is a delayed and also is the bystander so they need the appropriate stickers I have included.

## Stickers for first aid problem.

I need the full sheet of stickers I have included for each patient.

Don't forget the score cards and brown envelopes for skills problem and first aid problem to hand to the Team
