HARLAN COUNTY SAFETY DAYS DAY 2 STATEMENT

THANKS FOR RESPONDING TO OUR CALL FOR HELP. YOU ARE LOCATED AT THE ERNIE RUN GOOD COAL #1 MINE. WE HAD A FOUR MAN CREW ENTER THE MINE ON THE OWL SHIFT TO PREPARE FOR DAY SHIFT PRODUCTION. WHEN THE DAYSHIFT FOREMAN ARRIVED HE WAS UNABLE TO MAKE CONTACT WITH ANYONE ON THE SECTION. OUR CREW WAS UNABLE TO MAKE IT TO THE SECTION DUE TO LOW O₂ AND BAD ROOF CONDITIONS. THE MINE IS WALKING HEIGHT, AND WE HAVE BEEN HAVING ISSUES WITH WATER AND POOR ROOF CONDITIONS. THE SECTION IS VENTILATED WITH A BLOWING FAN WITH THE INTAKE COMING UP #3 ENTRY AND RETURNS OUT THE #1 ENTRY. STATE AND FEDERAL OFFICIALS HAVE BEEN NOTIFIED AND ARE ON SCENE. WE HAVE BACKUP TEAMS HERE TO HELP. WE HAVE NO MORE INFORMATION AT THIS TIME.
