ARIZONA TEAMS WIN AWARDS AT FIRST AID MEET

PITTSBURGH, Pa., Sept. 1—The first aid team of the Anaconda Copper Mining Company, Butte, Mont., and the mine rescue team of the Penelac Coal Corporation, Seward, Pa., were awarded first honors tonight at the closing of the sixth international first aid and mine rescue contest held here by the United States Bureau of Mines.

The Penelac team also won first honors in the combined first aid and mine rescue event.

Second honors for first aid work went to the team of the Phelps Dodge Corporation, Morenci, Arizona, and third place was awarded the team entered by the Standard Oil Company of Louisiana, of Baton Rouge.

In the mine rescue competition, the H. C. Frick Coke company team of Mt. Pleasant, Pa., was awarded second place while third honors went to the team of the Phelps Dodge Corporation of Bisbee, Ariz.

The Phelps Dodge Bisbee team took second honors for combined first aid and mine rescue work. Third place in that event was awarded the Pittsburgh Coal Company team of Gallatin, Pa.

Forty-nine first aid and 19 mine rescue teams from 13 states participated in the events, which were the finals of elimination contests held throughout the country. The contests were in progress for three days.

The awards were announced at a banquet, concluding the meet, when trophies were presented the winning teams.

State championships awarded at the contest included:

First aid—Arizona, Phelps Dodge Corporation, Morenci; California, Shell Company, Long Beach; Colorado, Colorado Fuel and Iron Company, Tioga; Montana, Anaconda Copper Mining Company, Butte; Utah, Utah Copper Company, Salt Lake City.

Mine rescue—Arizona, Phelps Dodge Corporation, Bisbee, Ariz.

FIRST AID. MINE RESCUE WINNERS TO BE KNOWN TONIGHT

By United Press.

PITTSBURG, Sept. 1.—Prizes for the best showing in first aid and mine rescue will be awarded tonight at a banquet to be held in Syria Mosque, at which time the winners will be made known.

Forty-nine first aid teams and 199 mine rescue teams representing coal, metal and other mining operations in 13 states are represented at the meet.

The first aid contests were completed yesterday at the Pitt Stadium and the mine rescue competition is being held this afternoon at Carnegie Tech.

Yesterday a demonstration in the explosibility of coal dust and testing of explosives was held at the experimental mine at Bruceton.
